

REMARKS

Claims 1-18 were examined and acted upon in the aforesaid Office Action. All claims stand allowed. Claim 2 has been objected to. No claim has been canceled and no new claim has been added, leaving claims 1-18 in the case.

Claim 2 was objected to, it is believed, because claim 2 depends from claim 1 and in claim 1 items (i), (ii) and (iii) are recited. In claim 2 additional items labeled (i) and (ii) are recited, and later (i), (ii), and (iii) are recited (referring to the claim 1 (i), (ii), and (iii)). To avoid confusion between the two sets of (i) and (ii), claim 2 has been amended to recite the complete texts of (i), (ii) and (iii), rather than only the letters (i), etc.

In reviewing the claims, very minor corrections were made to claims 3 and 9, neither correction affecting the substance of the claims.

The drawings were objected to because of no showing of the numeral 38. A replacement sheet is enclosed showing FIG. 1 with the numeral 38 thereon.

It appears that amended claim 2 overcomes the objection thereto, and that claims 1-18 are in condition for allowance, which is most respectfully requested.
